Florida Memorial University

*F*lorida Memorial University, one of the oldest academic centers in Florida, was founded in 1879 as the Florida Baptist Institute in Live Oak, Florida. Soon after the American Baptist Home Mission gave its full support and the first regular school year began in 1880.

In 1882 the Florida Baptist Academy was established in Jacksonville, Florida. The name was later changed to Florida Normal and Industrial Institute. It was there that two brothers, James Weldon Johnson and J. Rosamond Johnson (faculty member), wrote the words and music to what has become known as the Negro National Anthem, "Lift Ev'ry Voice and Sing", in 1990.

In 1918 the school moved to St. Augustine on part of 110-acre tract of land known as "Old Homes Plantation", formerly one of the largest slave plantations in Florida. University historians state that this is where the famous bell which now sits above the Susie C. Holley Chapel was purchased. The bell was originally used to gather slaves to issue daily orders. It was also stated that this bell was cast at the same foundry as the Liberty Bell which is enshrined in Philadelphia, Pennsylvania.

In 1941 the school in Live Oak and the school in St. Augustine merged, changing its limited offerings from a junior college classification to a four-year liberal arts institution which graduated its first four-year class in 1945. The College's name was changed in 1950 to Florida Normal and Industrial Memorial College. In 1963 the charter was again amended to change the name to Florida Memorial College. In 1968 the College relocated to its present site in Northwest Miami and by 1972 graduated its first class at the Miami site. Florida Memorial College celebrated its 100th anniversary in 1979 and began a series of expansion projects on the 44-acre site.

In 1993 Dr. Albert E. Smith was appointed as the College's tenth president, heralding another period of growth in the institution's rich history. In December 2004, the institution's name was changed to Florida Memorial University with the announcement being made at the Founders' Convocation in March 2005. On July 3, 2006, Dr. Karl S. Wright became the eleventh President of Florida Memorial University.

On August 11, 2009, the Florida Memorial University, Board of Trustees appointed Sandra T. Thompson, Ph.D. the interim President of Florida Memorial University. On February 1, 2011 Florida Memorial University, officially welcomed its twelfth president, Dr. Henry Lewis III.

Julian M. Coakley, Jr.

To the Board of Trustees, under the leadership of Chairman Charles W. George, Dr. Henry Lewis III, The University's Administration, faculty, staff and to you the "Greatest Student Body" of the Illustrious Florida Memorial University, I am Julian M. Coakley, Jr., and it has been my distinguished privilege to serve as your 2009-2011 Student Government President.

Since my inception into Lion Country, I have truly seen a change in the environment of this University. It's because of this that I can say, "I am proud to be a lion". For this University has developed me into an all-around Leader, able to adapt to all facets of our culture. To you I say Thank You for your support and all your expressions of gratitude! I salute those individuals who have paved the way for, a young student leader as myself, to obtain the opportunities that I have been afforded. My presidency has indeed been a journey that could never fully be grasped in a speech, seen through pictures, or understood in words. These two years have been nothing less than one which God himself has allowed me to experience. I am a true testament that faith in God produces all things and allow all things to be possible. Without question, he has shown his favor and kept every promise. To him I give all glory and honor.

This year would not have been possible without the help and support of the S.G.A. Board and the Royal Court, who, "Together is a force to be reckoned with". I entreat each of you to never settle for anything less than your greatness. To my S.G.A. advisors, thank you for your dedication, hard work and support. Finally, to the GREAT FMU student body, "Thank you for allowing me to be a fighting voice for students". Lions remember the choices you make determine the consequences you accept. Never sell yourself short. Who says the sky is the limit when Heaven is our main goal?

With the heart of a Lion,

Julian M. Coakley, Jr.

Regards:

One word, achievement. This is a word that has been in my vocabulary for as long as I can remember. My time spent here at Florida Memorial University has been one to remember. I can honestly say that, with this fine institution giving me a chance to share and explore my leadership skills, I would have not become the motivated leader I am today. There are many individuals that helped me along the way in my journey to success, some are friends that I will always cherish and some I consider as family.

To my fellow graduates, I would like to thank you for your support during my time here at Florida Memorial University. From the faculty and staff to the special group of people that always made sure that I was on top of my game. I could not think of a better group of individuals to work with. If I have never told you this, you have taught me one thing, "that with great responsibility comes great leadership."

To the faculty and staff thank you, from the depths of my heart. The way in which you have embraced me and trusted that I would be a great leader to the student body has moved me dearly. A never ending appreciation to the students that always believed in hard work and never lost faith in what we do.

To the officers and members of the administration, thank you for wisdom and guidance. To the members of the senior class I urged that you continue to be leaders in whatever you do in life. Please don't consider your graduation experience as the end, but a step that you have completed with eager to go forth. My dream as the senior Class President was to help guide you to a better tomorrow, and I think I have done just that. In closure, this just comes to show that we are stronger than we give ourselves credit.

Thank you,
Kevin Leonard Spence
Senior Class President

JUNIOR CLASS OF 2012

"If you wanna be somebody, if you wanna go somewhere, you better wake up and pay attention"

Dear Class of 2012

First off, I want to thank you for electing me as your 2010-2011 Junior Class President. My time serving in office has been a wonderful experience. I also want to thank you for being the proud Florida Memorial University Lion that you all have portrayed this past year. We are now one step closer to obtaining our objective and purpose. During my matriculation at this institution, I was taught many things what stuck most is "In order to lead you must know how to follow."

Our mission and goal for the 2010-2011 school year was to get the entire Junior Class "INVOLVED" whether it be in joining new organizations, showing your spirit at school events or just being more involved with your future. We all know that this year has not been easy with the incoming President and new administration, but I charge the current juniors to take heed in what your school is doing for you. You are now the leaders of next year Freshmen, Sophomores, Juniors, Faculty and Staff will now look up to you. I say this not to scare you but to encourage and maximize our full potential as a student body. I know and believe that we have the qualities of great leaders. We have followed our peers and now it is our time to take the reigns. I expect to see, this university soaring to unimaginable.

Thank you,
Ryan R. Carroll

To the dedicated members of SGA; and my faithfully consistent, hardworking, Executive Board members that assist me in my serving; my knowledgeable and persistent advisors; and mostly, the constituents of which I have had the esteemed pleasure in serving as your representative of 2010-2011, I thank you! For the Sophomore Class, this has truly been an exceptional year. Within my matriculation I have met and shaken the hands of passionate and concerned students. We have shared ideas about the visions we share and the path and direction needed to have traveled to arrive at such places. We have met over refreshments analyzing what needs to be addressed and with whom it concerns. We embarked on a journey, together as a class, pledging to our "Sophomore Passport to Success", and having available services to assist those in need of academic or personal support. Together we have spoke out against injustices and respectfully righted wrongs through petitions and open forums. Our voice was heard and things were changed here at Florida Memorial University! We have learned that there is strength in numbers, and when we move as a united mighty force, we have the power to better our circumstances. I applaud all of you for continuing to strive for academic excellence, and your sincere dedication in seeing this great establishment become even better.

However, this task is not one that comes easily, and our job has not been completed. We must individually charge ourselves with the duty to continue promoting the evolution and change needed to take this institute to places it has never been. We must charge one another with the continued strive for academic excellence and involvement on campus. We must charge our faculty and staff with continued dedication and support to student success and prosperity. It takes each of us to effectively fulfill our parts. Martin Luther King Jr., once proclaimed, "Life's most persistent and urgent question is, 'What are you doing for others?' Let us go out boldly into the world, and do great things for others, and watch how it molds us into the distinguished people we are!"

FLORIDA MEMORIAL UNIVERSITY CHARACTER SERVICE 1879

FRESHMEN CLASS OF 2014

Freshmen Class Officers

The only way of finding the limits of the possible is going beyond them into the impossible," Arthur C. Clark. Together we crossed the threshold here at the esteemed Florida Memorial University in August 2010 as incoming students. New students ready to embark upon the new odyssey of Academia and career development. Statistically speaking, we as the freshman population at Florida Memorial University, have already outlived the demographical stereotypes set upon us. Crossing that milestone we have demanded higher standards to accommodate our potential as well as our hunger for learning. We are the team reluctant to leave one another behind and determined to sharpen each other to survive in the world as professionals. My vision for the class of 2014 is not only to be something great but to culminate into something better as we matriculate here at the esteemed Florida Memorial University. I challenge every Freshman of class 2014 to join efforts with your future class Executive boards to assist them with planning activities and organizing events. Participate with the community service projects Student Government Association organizes because a good resume has a plethora of academic accolades but a great resume includes academia, community service, internship, and leadership. Lets work collectively toward evolving in to what we have always aspired to be the future leaders of America.

ALPHA ETA RHO

Alpha Eta Rho was founded on April 10, 1929 at the University of Southern California, Alpha Eta Rho is the oldest professional aviation fraternity in history. Since 1929, AHP has had granted charters to more than 140 chapters at the most prestigious aviation colleges and universities. Currently, Alpha Eta Rho recognizes over 60 active chapters in the United States and throughout the world. Membership in Alpha Eta Rho is open to all collegiate men and women who have a strong interest in, or who are currently seeking careers in any field within the aviation and aerospace industries. As a professional fraternity, AHP strives to maintain and promote the highest moral standards and steadfastly affirms its membership to all, not dependent upon race, religion, nationality, or sex. Comprised of over 50,000 alumni, Alpha Eta Rho seeks to instill in the public mind a confidence in aviation and its safety. AHP strives to promote contact between the students of aviation and those engaged in the profession, while constantly improving aviation education and research in the field. Alpha Eta Rho is a nonprofit volunteer organization working to enhance the quality of life of aviation students and strengthen the bonds that exist within the aviation community. The fraternal bond cultivated by Alpha Eta Rho fosters a professional and social atmosphere that not only enhances the collegiate aviation experience, but also builds friendships and networking that will last a lifetime.

HONORS COUNCIL

The Honors Council was established as an official organization on October 1, 2002. The main objectives of the Honors Council are to represent the interest of the Honors program students, develop and identify the potential of Florida Memorial University's best and brightest students to achieve distinguished success in their professional fields, develop and augment programs and activities that enrich the Honors experience, and promote the Honors Program on campus and elsewhere. Honors Program students are inducted into the Honors Council after a one year probationary period. These students must maintain a GPA of 3.0 and above, complete the respective honors academic courses, be involved in Honors Council activities and be financial members. Our mission is to continue the pursuit of excellence and leadership in this organization.

NAACP

The Florida Memorial University chapter of the NAACP is poised to be the premier advocate for civil rights in our community, conducting voter registration drives, membership's drives and monitoring equal opportunity in the public and private sectors. We are also primed to help increase the political awareness of all individuals associated with the NAACP as well as wish to be associated with NAACP in the future. It is very important to us that we, the Florida Memorial University chapter of NAACP, convey the importance of the Black vote not only to those individuals on campus, but to our community

PRE-ALUMNI COUNCIL

What is Pre-Alumni Council?

The Pre-Alumni council (PAC) became a viable student organization on the campus in the late 1960s under the leadership and direction of Ms. B.H. Puryear, the first lady of our University, formerly Florida Memorial College. Since its inception the PAC has ambassadors proven to be the bulwark for the exposure and networking of our students with other United Negro College Fund member institutions; and takes great pride in its role as the student organization beside the Student Government Association on United Negro College Fund (UNCF) member institution campuses where all enrolled students are members as neither organization has restrictive membership requirement.

The Purpose of PAC

The purpose is to stimulate the interest and participation of students in the life of UNCF member institutions; and to preserve and further the loyalty and fellowship among those students. PAC is also our student's first exposure to alumni activities; therefore its primary responsibility is to encourage student participation in these activities prior to and after graduation.

PRE-LAW SOCIETY

PSI CHI

Psi Chi is the International Honor Society in Psychology, founded September 4, 1929, at Yale University, for the purposes of encouraging, stimulating, and maintaining excellence in scholarship, and advancing the science of psychology. Psi Chi serves two major goals—one immediate and visibly rewarding to the individual member, the other slower and more difficult to accomplish, but offering greater rewards in the long run. The first of these is the Society's obligation to provide academic recognition to its inductees by the mere fact of membership. The second goal is the obligation of each of the Society's local chapters to nurture the spark of that accomplishment by offering a climate congenial to members' creative development.

I ETA PI

The history of this organization was born out of a need to increase student engagement. Florida Memorial University Student Affairs Annual Departmental Priority 2010-2011 required that each program identify an area that needed improvement or change. The services currently provided are counseling, tutoring, mentoring, cultural and developmental activities, and scholarships.

In researching the student engagement for the year, it was determined that the rate of student engagement for SSS was 68%. Subsequently, a staff meeting was held to determine how the SSS Project could engage more of the students in services that are provided. After having made many suggestions, it was suggested by staff member, Mary Green, that a service organization be established under the auspices of Student Support Services Project. The idea was informally mentioned by staff and supported by several project participants. The initial suggestion for the name was Sigma Sigma Sigma to denote the three S's in Student Support Services. After further discussion and research, the suggested name was changed to I ETA PI π to encourage students to strive to reach a 3.14 GPA, which is the mathematical equation for Pi π . Participants will also be able to celebrate National Pi π Day which is March 14th each year in the United States.

NATIONAL PAN-HELLENIC COUNCIL

On May 10, 1930, the National Pan-Hellenic Council (NPHC) was chartered on the campus of Howard University by Delta Sigma Theta, Alpha Kappa Alpha, Zeta Phi Beta, Omega Psi Phi, and Kappa Alpha Psi. Today, the organization consists of nine Greek lettered fraternities and sororities known as the "divine nine". NPHC's motto is "where there is unity there is strength". The organization strives to unite these Greek organizations in order to serve communities as a collective unit.

The mission of the NPHC is to consider problems of mutual interests of its member organizations and work together to find solutions. They have been serving communities across the nation for almost 80 years.

The nine members of this organization are: Alpha Phi Alpha, Omega Psi Phi, Kappa Alpha Psi, Phi Beta Sigma, Iota Phi Theta, Alpha Kappa Alpha, Delta Sigma Theta, Zeta Phi Beta and Sigma Gamma Rho.

KAPPA ALPHA PSI FRATERNITY, INC.

Kappa Alpha Psi, a college fraternity, now comprise of functioning undergraduate and alumni chapters on major campuses and in cities throughout the country and the world, is the crystallization of a dream. It is the beautiful realization of a vision shared commonly by the late revered Founders.

Black-sponsored Greek letter organizations on the Indiana University campus might well have begun in 1903, but there was too few registrants to assure a continuing organization. In the year, a club was formed called Alpha Kappa Nu with the purpose of strengthening the voice of Blacks at the university.

The club disappeared after a short time. There is no record of any similar organization at Indiana until ten astute African-American college students, on the night of January 5, 1911, sowed the seed of a fraternal tree whose fruit is available to, and now enjoyed by, college men everywhere, regardless of their color, religion or national origin.

OMEGA PSI PHI FRATERNITY, INC.

On Friday evening, November 17, 1911, three Howard University undergraduate students, with the assistance of their faculty adviser, gave birth to the Omega Psi Phi Fraternity. This event occurred in the office of biology Professor Ernest E. Just, the faculty adviser, in the Science Hall (now known as Thirkield Hall). The three liberal arts students were Edgar A. Love, Oscar J. Cooper and Frank Coleman. From the initials of the Greek phrase meaning "friendship is essential to the soul," the name Omega Psi Phi was derived. The phrase was selected as the motto. Manhood, scholarship, perseverance and uplift were adopted as cardinal principles. A decision was made regarding the design for the pin

and emblem, and thus ended the first meeting of the Omega Psi Phi Fraternity. Kappa Gamma Chapter was chartered March 8, 1954 on the campus of Florida Normal and Industrial College (now Florida Memorial University).

PHI BETA SIGMA FRATERNITY, INC.

Phi Beta Sigma Fraternity was founded at Howard University in Washington, D.C., January 9, 1914, by three young African-American male students. The Founders, Honorable A. Langston Taylor, Honorable Leonard F. Morse, and Honorable Charles I. Brown, wanted to organize a Greek letter fraternity that would truly exemplify the ideals of Brotherhood, Scholarship, and Service. They desired for their fraternity to exist as part of an even greater brotherhood which would be devoted to the "inclusive we" rather than the "exclusive we". Today, Phi Beta Sigma has blossomed into an international organization of leaders. No longer a single entity, members of the Fraternity have been instrumental in the establishment of the Phi Beta Sigma National Foundation, the Phi Beta Sigma Federal Credit Union and The Sigma Beta Club Foundation.

Zeta Phi Beta Sorority, founded in 1920 with the assistance of Phi Beta Sigma, is the sister organization of the Fraternity.

The Beta Pi Chapter was founded March 10, 1947 on the campus of Florida Memorial College by Honorable Brothers George Ellis and Dr. Von D. Mizell. The Beta Pi Chapter was the first fraternity to be established on the campus of Florida Memorial University and is still going strong.

GAMMA SIGMA SIGMA NATIONAL SERVICE SORORITY, INC

It was New York City in 1952 at Beekman Towers, eight college service organizations came together at a constitutional convention for the purpose of forming a national service sorority. Los Angeles City College, Drexel Institute of Technology, New York University, Queens College, Boston University, Brooklyn College, University of Houston and University of Miami formed the first eight chapters of Gamma Sigma Sigma, National Service Sorority. The name Gamma Sigma Sigma was chosen because Girls Service Sorority, abbreviated GSS, was commonly used by the individual school organizations.

Over the last 55 years, Gamma Sigma Sigma has continued to function within the ideals of Service, Friendship, and Equality expanding to nearly 50 schools across the nation, along with several alumni groups. Our membership continues to grow, making Gamma Sig an exciting place for students to get involved with their school and their community. Our open membership policy allows the student to choose us as an organization, thereby giving us a diverse background of talents and abilities to employ. The Epsilon Eta Chapter of Gamma Sigma Sigma was founded on the campus of Florida Memorial College in April of 1972. Seventeen active members sought out in the spirit of friendship, service, and equality. Fifty-five years later there are many campuses throughout United States still standing strong.
